The Clark's Harbor Coast Guard says: "Up to the beginning of this week the stock of all the mackerel traps at Sandford did not equal one-tenth of what was last year at the same date. The quantity of fish taken was about one-quarter as much, but the difference in prices made the greater part of the shortage. In previous years the Burns Point trap had always done better than any of the others; this season it is low line, the Iron Mine taking the lead. Last year's gross stock for all the traps at the place was \$30,000."
